Meter Pit Pump Instructions

MP175-6
Item Code #02327

The Reed Meter Pit Pump will pull water out of flooded pits to make work more visible, convenient and safe.

The MP175-6 has a fitting at the outlet to attach the hose.

Always wear safety glasses.

- Attach hose to pump outlet.

- Hold pump in one hand. Pull and push pump handle to begin pumping action.
- Continue to pump at a steady pace until pit is clear of water.
- To extend the life of the seals and to minimize water leakage, lubricate the pump shaft with a heavy, lithium-based grease.
